

ICHO Curlies in Action Award Program

The "Curlies in Action Award Program" is for ICHO members & their registered ICHO/NACHR Curlies who enjoy trail riding, driving, training and other horse related activities other than showing. Use the CIA Award Form to log /record all activities. Record the category under the appropriate heading. Use as many forms as needed. Print another form when you need extra space. This program uses the honor system; minors need a parents/guardians signature.

The Curlies in Action award program has a **NEW Category! Training (general), ring/arena/round pen work as well as ground driving.** We all know how important it is to present our Curlies as trained using horses to the public. Now you can get rewarded for all your hard work and get the recognition you need as an active participant in training your Curlies. Whether it is training a foal to lead and load in a trailer to working in the ring/arena or round pen or beginning riding or ground driving, you earn points for your training work. This includes honing skills of older horses too that need ring work or learning new things. Please take part in this fun new category and let the Curly world see what you are doing with your Curlies.

We also have categories for **Trail riding, Cart/ Wagon Driving, Competitive Trail and Endurance, Ranch/Farm work, Events that includes** Parades, Clinics, Demos and Horse Fairs too! Join the fun and get your Curlies into the Action. Click on forms to print one easy to use form. Use one form for each horse, \$5.00 per horse. Use as many forms as you need for as many ICHO registered Curly horses as you have.

REQUIREMENTS:

- Horses must be ICHO/NACHR registered to qualify for CIA awards program.
- Rider, driver, trainer or participant must be a member of ICHO in good standing.
